WAYFINDING @ KBIS

We have implemented signage, tools, and more to help you navigate the show floor with ease. Check out these resources to elevate your experience:

MOBILE APP:

The mobile app is the best resource because it gives you access to:

COLOR-COORDINATED HALLS:

To help with finding your way around the show, we're introducing a new wayfinding system: KBIS is color coded. Looking for The Plaza? Follow the blue. Wondering if your favorite booth is in West Hall or South Hall? Just confirm the color. You can also stop by the KBIS Booth (N2539) to check out the large-scale KBIS Campus map with a "You are Here" locator to help orient yourself on the show floor. (Similar maps are also around each Hall main entrance.)

YOU ARE HERE BOARDS

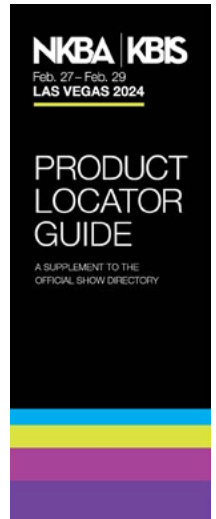

Find exactly where you are on the map in each hall

Another new resource available to you are the You Are Here boards located outside of North, South, and West halls. These maps are a great resource to helping you find exactly where you are and which exhibitors, services, food options, and more are closest to you.

NAVIGATE THE SHOW BY PRODUCT

Looking for something particular? You can find the exactly products you're looking for by searching directly in the mobile app.

You can also pick up a Product Locator Guide at the building entrances. Pick them up while hot--they go fast!
