

Networking Lounge Host

6 Networking Lounges

\$5,000 ea.

Networking lounges are open for 1-hour segments during the day and after hours for networking events such as a cocktail party. You are the host, design the networking time, and can invite others to be “co-hosts”.

Sponsor Requirements:

- Networking Lounges are designed to be social, not promotional.
- Have a moderator to control the technology.
- Help guide the conversation and promote interaction.
- Use Zoom or any other video technology

Networking Lounge Ideas

- Create a theme for the networking lounge and invite attendees to bring an idea or something to share.
- Invite “co-hosts” to join with their cameras and audio open to be part of the fun.
- Host an end of the day cocktail party with music, special guests, and fun activities.
- Consider smaller group breakouts and then rejoin the bigger lounge after small group interaction.
