COSENTINO

DEKTON CRAFTIZEN COLLECTION

The uneasiness of 2020 has drawn many to seek minimal aesthetics with organic design elements. With these sentiments in mind, Dekton by Cosentino, the world's most innovative and durable architectural surface, has created the Dekton Craftizen Collection. Designed specifically for flooring and cladding, Craftizen pays homage to the craftsmanship techniques and revisits the beauty of Venetian stucco powered by Dekton's unique advantages for the modern interior designer and their clients.

BATH

DREAMLINE

AVENUE

DreamLine's spectacular new shower door design featuring stepped glass panels draws inspiration from a vibrant city skyline and embraces the concept of modern urban living. The Avenue sliding shower door in trendsetting satin black takes advantage of the possibilities presented by a fully frameless design and applies that to an innovative concept involving stepped glass forms and modular hardware – a complete replacement of the uniform look offered by traditional sliding shower door designs.

BATH

FINE FIXTURES

AURA™ SMART CABINET

Fine Fixtures' Aura™ Smart Cabinet was designed so users can gently place their phone or electronic accessory onto the integrated Qi charging mount for more battery and essential device powering. Ideal for ongoing live stream music and extra battery power, this inductive base is integrated within our super slim aluminum base and surrounded with durable glass shelving which completes the minimal medicine cabinet design.

BATH

GE

SMART ELECTRIC WATER HEATER WITH FLEXIBLE CAPACITY

The lineup of GE Smart Electric Water Heaters with Flexible Capacity can deliver up to 60 percent more hot water* during high demand times thanks to industry-first technology. Available in 50-, 40- and 30-gallon tank capacities, all models feature built-in WiFi and intuitive digital controls and displays that offer precise temperature control. *Versus comparable water heaters without a mixing valve.

BATH

JEFFREY ALEXANDER

VANITY PROGRAM

The 11 vanity collections vary from the traditionally ornate to sleek modern styles. Vanity tops also feature options in quartz, natural stone as well as cultured marble, available in all vanity sizes and shapes. Vanity colors range across the spectrum including the classics of white, grey, black and earthy browns to trending colors such as blue and deep green. The homeowner can further personalize their vanity by selecting either an oval or rectangular bowl.

BATH

KOHLER

GLOBAL CORE SHOWERING

Global Core Showering (currently the product collection's working name) is a complete line of showering products, both digital and traditional, with fittings, valves and trim that can be configured to provide a nearly unlimited range of experiences and works with all the plumbing standards around the world.

BATH

KOHLER

MOXIE SHOWERHEAD + WIRELESS SPEAKER WITH AMAZON ALEXA

Embedded with Amazon Alexa, the KOHLER Moxie Showerhead + Wireless Speaker brings an unparalleled audio and water experience to the showering space - blending the sophistication and design excellence of Kohler's bathroom collection with the highest quality sound experience via Harman Kardon. The showerhead features a full-coverage spray, while the portable speaker delivers specialized tuning for the unique acoustic dynamics of the bathroom.

BATH

MOEN

CIA BATHROOM FAUCET WITH MOTIONSENSE WAVE

The Cia single-handle bathroom faucet with MotionSense Wave features a single-sensor touchless activation that allows users to turn water on and off with the simple pass of a hand, providing the best of modern style and technology in one strikingly stunning faucet. Faucets with MotionSense Wave touchless technology can also help prevent the spread of dirt and germs, since there's no need to touch the fixture to start water flow.

BATH

RIOBEL

REFLET BATH COLLECTION BY RIOBEL®

French for “reflect,” the Reffet Collection is a culmination of the unique ingenuity and the natural force and beauty of water. The line combines poetic textures and minimalist design to capture the light and movement of water within water. Inclusive of faucets and accessories, the complete bath collection honors nature’s most essential element that sustains life and stirs imaginations, full of power and beauty, representing the core of the brand and what it stands for.

BATH

ROHL

TENERIFE™ BATH COLLECTION BY ROHL®

The symbol of the Canary Islands is a majestic palm tree with a crown of leaves spanning all around. Tenerife, the largest of the islands, is host to a majority of these exotic palms. The Tenerife™ Bath Collection captures their tropical beauty through elegant details. The cross hatching that adorns the handles and base mirrors the diamond shape on the palm's trunk. Circular accents on the spout complement the striking effect. Tenerife™ captures the feeling of a faraway isle in a physical form.

BATH

ROOM & BOARD

LINEAR BATH VANITY

Inspired by the Arts & Crafts movement, Room & Board's Linear vanity is a timeless addition to any bathroom. The rich grain pattern of solid American white oak is the focal point of this pure design that is crafted in a woodworking shop in Northern Wisconsin. Crafted from veneer and solid wood sustainably harvested in the U.S., the Linear vanity features soft-close drawers and doors for quiet functionality, plus baltic birch plywood drawers with dovetail joinery and a smooth, lacquered interior. The Linear vanity is loaded with options. Choose from 12 top and sink options, 4 overhangs, single or 8"-spread faucet holes, 2 hardware options and 2 base options. The base is crafted using upgraded metal composition to better resist corrosion and wear and tear.

BATH

SAMSUNG

WF8800A FRONT LOAD WASHER AND DV8800A FRONT LOAD DRYER

Samsung's 8800 series Front Load Washer and Dryer have been redesigned to make laundry easier, more intuitive, and less stressful. The new Smart DialFront Loaders learn your preferred cycles and settings, and save them for quick access in a simplified, easy-to-use control panel. They also allow you to customize your cycle lists, change the displayed language, and control the Dryer right from the Washer when the units are stacked.

BATH

TOTO

GC TOUCHLESS FAUCET

Inspired by ancient Japanese temples' entrance columns, the GC Touchless Faucet epitomizes timeless beauty. Offering TOTO's SoftFlow technology, it precisely balances translucent streams to gently caress the skin and save water. Powered by TOTO's revolutionary ECOPOWER self-generating hydro-power technology (no hardwiring or routine battery replacement), there's no minimum daily usage. At a mere 0.35 gpm, it generates the power for the sensor faucet's operation. Electric platform also available.

BATH

TOTO

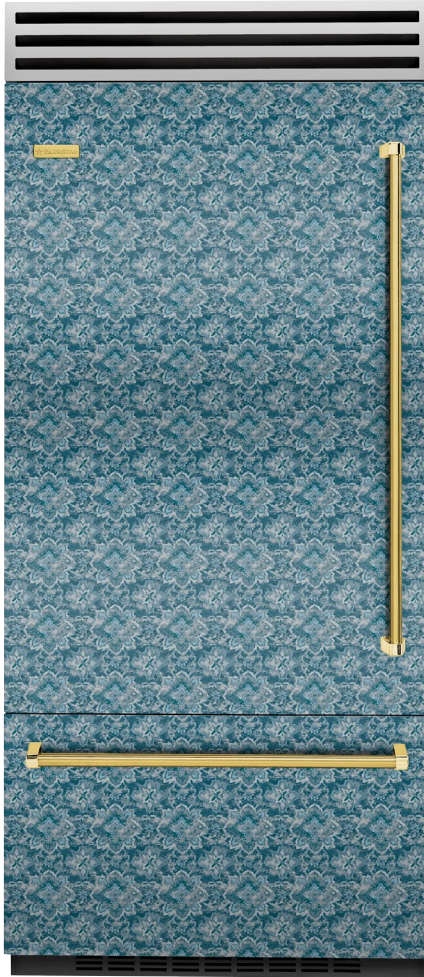

WASHLET C5

TOTO'S new intermediate-level, approachable WASHLET C5 has a beautiful clean-line design. It offers EWATER+ technology to clean the wand inside and out, before and after use, and PREMIST to spray the bowl's interior with a fine water mist to reduce matter's ability to stick to its surface. The new seamless seat, wand, and lid are made of CLEAN RESIN, a high-quality, stain-resistant material that repels dirt and waste and resists stains. WASHLET C5 is also available as WASHLET+ model.
