

KBIS New Product Guide

Curated by

THE OFFICIAL PUBLICATION OF **NKBA** | **KBIS**

† **Ideal Cabinetry**'s new 2-Day Express Cabinet Program provides all-wood kitchen and bath cabinets that are factory built and available in the popular white or gray-painted Shaker door styles in just two days to your jobsite. The cabinets feature CARB2-compliant, all-plywood construction; soft-close doors; and full-extension, soft-close dovetail drawers – all at an exceptional value. *Booth S3836 Idealcabinetry.com*

— The Metallic Accents Collection from **Designs of Distinction by Brown Wood** includes multiple styles and finishes, ease of assembly with included VHB tape and the ability to be paired with several styles of shelving, posts, feet and panel grilles. It is available in satin brass, flat black, warm bronze, natural aluminum and chrome with custom finishes available. *Booth S5241 Brownwoodinc.com*

† **Pfister Faucets**' Bruton Culinary Kitchen Faucet is equipped with everything needed to prep, cook and clean in the kitchen. The placement of the coil and the knurling details are both practical and decorative, adding to the performance and its timeless design. It is beautifully symmetrical and offers maximum clearance and reach. *Booth W1657 Pfisterfaucets.com*

† Microvisor is a mini hood extension for a microwave over the range from **Microvisor Products** that assists in providing improved exhaust functionality for existing and new microwave systems. It is removable, installs quickly and projects outward to cover the front burners of the cooktop. This creates a capture zone by blocking the upward path of VOCs and cooking vapors, keeping them from moving out of the reach of the fan. *Booth S3772 www.microvisorhood.com*

† New wall ovens from **Fulgor Milano** make healthy cooking in the home easy and stylish. The 30-in. Sofia Pro Steam Oven and the 30-in. and 24-in. Distinto Combi Steam Ovens offer assisted heating functions and customizable pre-sets in steam, convection and combi-steam modes. *Booth W155 Fulgor-milano.com*

† **Arauco North America**'s Prism TFL Collection lends creative balance to the designer's palette with comfortable yet fresh colors, earthy and rustic elements and bold textures that add a sense of holistic wellness to the spaces where we live and work. Seven authentic woodgrains and four compelling yet tranquil solids are available and add a dynamic to any space without being overpowering. *Booth S4241 www.arauco-na.com*

— The Supreme Tile-In+ from **QM Drain** was designed with functionality and aesthetics in mind, creating a minimal, yet refined one-size-fits-all shower drain with a straightforward installation. Its two-sided feature transforms to either an ultra-modern tile-in or a reversible grate for a smooth surface. The innovative rail system allows you to center the drain without having to move the existing pipe. *Booth S4636 www.qmdrain.com*

→ The HieHAND Platform Suite from **HieBAR** is easier to grip and features dedicated touch screens and voice response to provide a “guided-cooking” interface. This approach enables ergonomic, one-handed, kitchen-wide deployment and access to media without dirtying screens or snapping in-and-out of devices. It is customizable and easy to install and clean. *Booth S4075* www.hiebar.com/new-for-kbis-2022.html

→ The **Viefe** Zoot Hook designed by Alexis Vivet is a functional and decorative element for different spaces in the home. With a wooden structure in oak or walnut combined with aluminum, the warm and versatile wall hook is available in three sizes – 60, 90 and 120mm in diameter – and in various finishes, which allows for an infinite number of combinations. *Booth 5092* www.viefe.com

→ If the pandemic has taught us anything, it is the need to reduce touchpoints in both homes and offices. That’s why **Zip Water** has introduced the HydroTap Touch-Free Wave. With smart sensing technology, it delivers instant, pure-tasting, filtered water, with just the wave of a hand. Whether you’re entertaining at home or looking to ditch the single-use bottles at the office, it’s no wonder the HydroTap by Zip Water is the new standard in hydration. *Booth S5132* us.zipwater.com/hydropap-touch-free-wave

→ Take your beverages to the next level by infusing them with nitrogen for a lasting cascading effect and a smooth, creamy flavor. Beverages like coffee, tea and beer can be infused using the **Perlick** Nitro Dispensing Kit, transforming your client’s home into their favorite coffee shop or bar. *Booth W1685* www.perlick.com

→ The Lotus Bathroom Sink from **Konkretus Home** was inspired by the wild nature of the Colombian Amazon and the leaf of the Victoria Regia river plant commonly known as lotus. Using high-performance, pigmented concrete, this vessel-type sink takes color and texture in the bathroom to a whole new level. *Booth S5338* www.konkretus.com

→ A collection of elegant archetypes for the washbasin, bathtub and shower, **AXOR One** features slender silhouettes, flat surfaces and balanced proportions and was designed by Edward Barber and Jay Osgerby. Press down on the all-in-one handle to start or stop the water, and turn to adjust the temperature. AXOR One is available in chrome, matte black and an array of AXOR FinishPlus surfaces. *Booth W1629* www.axor-design.com

→ **LG** introduces the PuriCare Line of room and portable personal air purifiers and dehumidifiers. Featuring a multi-filter system that removes both particulates and odors from the air, the sleek-looking units, which can clear spaces up to 512 square feet, are EnergyStar and asthma and allergy certified. *Booth W2029* LG.com

→ The Nebia by **Moen** Quattro uses up to 50% less water than a standard showerhead. The line of products offers four distinct showers in a single showerhead, individually designed to relieve, soothe, clarify and cleanse. The showerheads are engineered for optimal warmth, rinsing and body coverage, providing up to 60% more force. The handshower features Moen's Magnetix technology, which allows for easy release, as well as a secure return into place. *Booth W401 www.moen.com*

→ While traditional tile showers can take endless hours of preparation, **Bestbath's** composite showers and tub/shower inserts can be completely installed in one day – without mud setting or leveling. After a quick install, the recessed pockets on the showers and tub wall surrounds are ready for custom tiling – cutting down on thousands in labor costs and hours of hard work. *Booth S5468 bestbath.com/tiledesign*

→ **Signature Kitchen Suite** will showcase its line of wine column refrigerators to include a 24-in. undercounter model. It features two independent temperature zones, holds up to 41 bottles and is available in panel-ready and stainless-steel options. It offers the brand's Wine Cave Technology, which minimizes vibration and temperature fluctuations, limits light exposure and optimizes humidity. The Signature Sommelier App also helps wine aficionados manage their personal wine collections. *Booth W2029 www.signaturekitchensuite.com*

↑ The Handleless Kitchen by **Nobilis North America** features high-quality lacquer or matte-front cabinetry with joint-free, lasered edges that look best without handles. The ergonomic recessed handles enable comfortable access to doors, drawers and pullouts. Fronts and upright panels in the new ARTIS Line are made of polymer glass, and other offerings include warm concrete shades and dark wood looks. *Booth S4921 nobilianorthamerica.com*

→ **Niagara's** Liberty Line is a cost-effective option for budget-minded professionals. It installs quickly, has an extra-large footprint and uses standard flapper technology that is familiar to plumbers. Niagara's Liberty products are available in round and elongated bowls, ADA and standard heights and 10- and 12-in. rough-in options. At a 1.28 gpf flush volume, Liberty can flush 800g of miso, carries a 15-year warranty and is WaterSense certified. *Booth W287 pro.niagaracorp.com/products*

→ The Valet Pivot by **Fittings Metal Collection** is the perfect closet accessory to pair with a wall- or ceiling-mount bracket. It features a coat hanger, tie holder, pant hook and a tray for cufflinks or other accessories. The optional leather accents add texture and sophistication, and a pivot design allows the valet to move freely for ease of use. *Booth S5436 fittingscollection.com*

→ From **Dometic Twin Eagles**, the Wood-Fired Pellet Grill utilizes a clean-burning fuel to bake, grill, sear and roast foods at temperatures from 140 to 725 degrees. The 36-in. unit features a touchscreen panel and Wi-Fi connectivity for precise control and convenience. *Booth S5863 twineaglesgrills.com*

→ **Il Flessibile** specializes in flexible hoses for the taps and fittings sector that are all made in Italy. This hose is approved by NSF 61, ASME A 112 DVGW and WRAS and is available in various models, lengths and finishes. *Booth S5673*
www.ilflessibile.it

→ **INOX** debuts the PD97PT, an advanced alternative in its PD97 series of commercial-grade, motor-driven mortise locks for sliding doors that provides another security option for high-traffic areas. The power connects directly through the strike and into the lock motor, activating the latch and lock as soon as the door is closed, making the PD97PT the first electrified motorized lock of its type in the world. *Booth S3871*
www.unisonhardware.com

→ The new universal-height Drake Transitional WASHLET+ C5 from **TOTO** features a long-view global design aesthetic and clean, simple lines. Its tank gently flares as it rises, supporting a generous lid with a distinct lip that has been molded into a shelf. This design provides newfound space for toiletries and is ideal for smaller bathrooms with limited storage capacity. The Drake Transitional Toilet and WASHLET+ C5 seamlessly connect, providing CLEAN SYNERGY – advanced cleaning technologies that work together to keep the toilet bowl fresh and clean at all times. *Booth W528* www.totousa.com

→ The Double Sconce by **Hammerton Studio** is offered in eight artisan-glass styles and several finishes and is suitable above bath mirrors, down hallways and in tight spaces. The sconces can be mounted horizontally or vertically, so there are versatile solutions for every space in the home. Integrated LED lighting illuminates each glass shade without the distraction of a filament bulb. *Booth S6036*
studio.hammerton.com

↑ **Northville Cabinetry's** Imperial Blue Shaker-style cabinets bring a fresh and contemporary vibe to a home. The deep blue cabinets add an ageless feel to all the different styles of a home's interior. *Booth S4173*
cabinets.deals/design-models

↑ The Maple Live Edge Floating Shelf from **Federal Brace** arrives unfinished, giving you the flexibility to accent the other elements of your design exactly the way you want. The warm, natural tones of the maple wood will work beautifully with modern, cool tones in your clients' homes. No two maple slabs are the same. *Booth S4128*
www.federalbrace.com

↑ The Ocala Vanity from **Cartisan Design** features an original chestnut wood pattern, a Black Forest quartz countertop and a top-mount vessel sink. Ocala boasts an elegantly designed folded vanity surface, and its wide drawers give users ample, accessible storage space. *Booth S4225* www.kartonrepublic.com

← **Sugatsune America's** MFU-1200 is a lateral opening door system designed to close flush against surrounding walls, providing a clean appearance. This innovative system requires no floor tracks and features a two-way damper that prevents the doors from slamming when opening or closing. This is an upgrade to the popular MFU-1000, boasting easier installation, smoother performance and testing for 100,000 cycles. *Booth W673* sugatsune.com

← The T-type Hinge from the **Titus Group** features integrated damping and a performance of 200,000 lifecycles, which is especially important for thicker and heavier cabinet doors where sagging is an issue. The hinge offers wide tolerances and consistent performance on a variety of doors. The three-way, snap-on, intuitive hinge-to-plate mounting (top, front and back) makes installation a breeze — especially on tall doors. *Booth S4125* cabinet.titusplus.com

→ The new Tmatt Collection from **Transformad** features a high-tech surface available in white, gray and black colors, as well as the new terracotta. The durable surface offers a silky texture and is abrasion, scratch, impact and fingerprint resistant. *Booth S3868* transformad.com/en

↑ The Ceric Freestanding Bath from **Kohler** is designed to deliver a perfect balance of strength, durability and value. Crafted from heat-molded acrylic and reinforced with fiberglass, the bath is hand-finished to create a smooth, seamless form. *Booth W1100* us.kohler.com

← The QTWS-875 Quartz Workstation Sink from **Karran** features an integrated ledge at the front and back of the bowl that allows for a full complement of accessories for the all-in-one prep center. This durable sink is produced from ultra-hard quartz crystals and pure acrylic resins and is available in six timeless color options. It is available in both top-mount and undermount installation options. *Booth W1773* karran.com

↑ The Monolith Bottom Freezer from **Liebherr** is fully customizable. It comes in 30 and 36 inches, and key features include InfinityLight LED lighting and an InfinitySpring flush-mounted internal water dispenser that provide unobstructed visibility. The Smart Device Box allows users to control settings and features via a smartphone or tablet. The automatic IceMaker produces 3.5 pounds of filtered ice in 24 hours, and activating the SuperFrost function can create an even greater quantity. *Booth W1151* home.liebherr.com

← Introducing the Exedra 2 bi-fold pocket door by **Salice**, an innovative hardware solution that provides smooth and uniform movement with patented cam-assisted opening and closing. Built-in, soft-close technology allows for a controlled assisted movement that offers comfort and safety. No bottom track allows for both a walk-through door system, as well as a wall system, and fold-away doors provide privacy for a more organized look and make the system perfect for small spaces. *Booth W300* saliceamerica.com

→ From **Fleurco**, the modern solid-surface LUNA STAK Vanity Collection celebrates the art of options with choices such as basin, backsplash, apron and frame styles. Offered in three sizes and available with integrated shelf and towel bar (not included on floating model). *Booth W645 fleurco.com*

→ **Modern Mirrors** expands its Touch Sensor Mirror Collection with the Equinox and the Zenith Lighted Bathroom Vanity mirrors. Dimmable daylight LED lighting is operated with a sensor switch located on the mirror. In eight sizes, the surface-mounted, hardwired units have a clean, contemporary look and have a defogging feature. *Booth S4071 modernmirrors.com*

→ The Montay Pull-Down Kitchen Faucet from **Pfister Faucets** is sleek and statuesque with just a taste of raw-edged industrial design. The ergonomic fixture incorporates a pull-down sprayhead at just the right height for no-reach cleanup. *Booth W2013 pfisterfaucets.com*

→ **Perlick** introduces marine- and coastal-grade undercounter refrigeration, a highly durable line of luxury appliances that utilizes Perlick Armor, a protective treatment for 316 and 304 stainless steel that optimizes corrosion resistance and food and beverage storage safety. Upgraded rust-resistant plated fasteners and E-coated condensers add durability in outdoor installations. The undercounter refrigeration will be available on all HP & HH Series residential models. *Booth W1843 perlick.com*

† **Moen's** Cia Bathroom Faucet with MotionSense Wave technology is helping create a touchless experience in the bath. The Cia single-handle bathroom faucet features a single-sensor touchless activation that allows users to turn water on and off with the pass of a hand, providing modern style and technology in one fitting. *Booth W401 moen.com*

→ The Nobelet smart toilet from **Trone** is an integrated bidet unit that improves hygiene, increases independence and reduces the carbon footprint. Using the bathroom can now be a hands-free experience with automatic opening, closing and flushing. Keeping the toilet clean is easy with the Nobelet's PreRinse, Deodorizer and Syphon-Assist Flush features, all operated with remote control. Installs over any standard 12-in. rough-in. *Booth S5074 troneplumbing.com*

→ A bright LED task light softly frames the clear glass and illuminates reflected images, while a touch-operated dimmer controls the amount of light projected in this new cabinet by **Krugg**. An integrated heating element prevents mirror fogging, and the mirror frame and KruggReflect mirror backing create a crisper reflection and prevents de-silvering that's common to exposed mirror edges. *Booth S4674 krugg.us*

— Offered in 1.0 and 1.28 gpf, round and elongated bowls and 10-in. and 12-in. rough-ins, the Sabre Toilet uses **Niagara's** Stealth vacuum-assist technology to make less water work more efficiently and maximize performance. In ADA and standard heights, the Sabre line has a powerful 1,000g miso flush, carries a 15-year warranty and is WaterSense certified. *Booth W1550* pro.niagaracorp.com

— The XSF Series Exit Device Designer Trim by **INOX** delivers a consistent design while maintaining compliancy with building codes. Unlike the market standard, which uses zinc alloy for most exit device trims, the XSF features a solid stainless-steel escutcheon and lever with a heavy-duty internal mechanism. The modern design features concealed fixing without revealed screws or other fasteners. *Booth S3871* unisonhardware.com

† **Titus Group's** Tekform Slimline thin wall drawer is now upgraded with the Tacto touch-opening system for effortless operation of handleless drawer fronts. The activator is integrated into the drawer runner, while all other components remain the same as in standard Slimline models, making installation simple and precise and eliminates pre-drilling. *Booth W364* titusplus.com

— Complementing bathroom designs ranging from mid-century modern and industrial to contemporary farmhouse, **QuickDrain USA's** new Stones and Deco linear and square/point decorative drain grates feature intricate detailing. Several on-trend finishes are also new: brushed and polished gold, polished rose gold, oil-rubbed bronze and matte and polished black. *Booth S3825* quickdrain.com

† From **Asterisk Lighting**, the Insetta Undercabinet Light Panel clips to the bottom of framed cabinets, its LED lamp illuminating counters and backsplashes without hotspots or shadows. Tap the panel with a finger to control on/off and dimming/brightening functions. In eight lengths. *Booth S6030* asterisklighting.com

† The **Nasoni** Faucet Fountain features a manually operated fountain nozzle that diverts the water flow from the spout to a more accessible, ergonomically friendly position for drinking, face-washing, brushing and other daily water-involved tasks. *Booth W447* nasoni.com

† **Kohler's** Innate Intelligent Toilet delivers an entry-price-point solution to integrated personal cleansing. It offers integrated bidet functionality – front and rear wash, water pressure and temperature control, electrolyzed water rinsing and UV cleaning of the stainless-steel bidet wand. All features are controlled by a handheld remote control, and an auto open and close lid, automatic deodorization and automatic flush provide a hands-free experience. *Booth W1100* uskohler.com
